Jagen says,
"Stay **COOL** this
summer!"

Summer Safety!

It's not only important to keep dogs cool in the summer, but it is equally important to watch their water intake while swimming! Dogs can become ill and even die from water intoxication – swallowing so much water while they swim that it overwhelms their system. Limit your dog's time swimming, especially if they bite or gulp water! And don't forget that salt water can cause extreme diarrhea and dehydration!

ANNUAL MEETING

The Dog-On-It Annual Meeting will be held Wednesday July 29, 2026, 6:30 PM at the NOCIA building at our fields.

We look forward to seeing everyone there!

GET READY TO BE A DETECTIVE!

CALLING ALL CANINE SNIFFERS! 🕵️

Your dog “nose” you don’t want to miss this event!

Our July 24 – 26, 2026 Scent Work trial will be full of all KINDS of sleuthing! Dogs will be searching out their scents in search of ribbons and titles AND the people attending will get to try their hand at solving a MURDER!!

The 10th Annual Canine Scent Work Championship was well underway, and competitors from all over were gathered in Florida vying for the \$100,000.00 prize! Everyone was DYING to win!

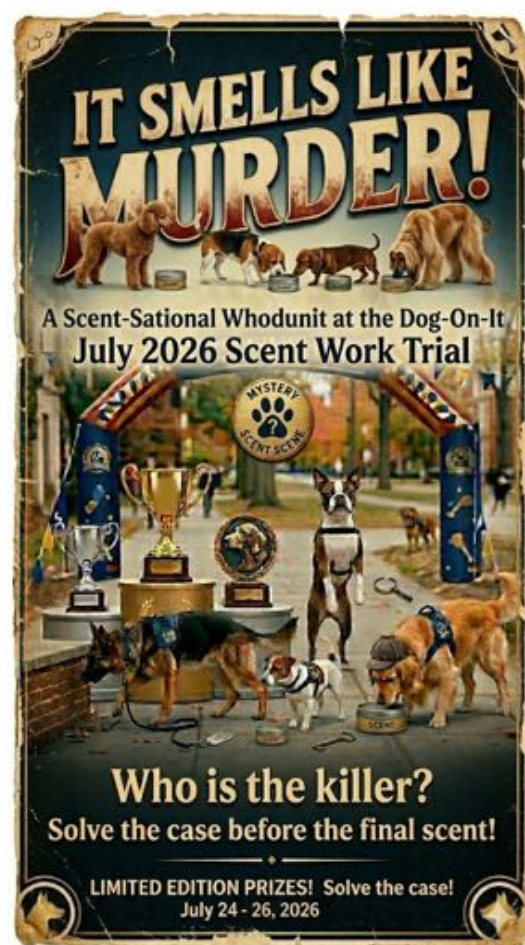

With hundreds of dogs competing, Judge Philtrum Snoot was moving quickly from event to event, and the leader board showed how tight the competition was between the favorites! Sherlock was in the lead, followed very closely by Bullseye, Schnozz, Bouquet and Gumshoe.

Suddenly there was an uproar as a challenge was brought in the Masters Container event! The leading dog Sherlock had false alerted and his owner Jacobson Fringe protested loudly! Sherlock had reacted strongly, barking, pawing and alerting on the container. There was no way Sherlock was wrong! Jacobson picked up the container, opened it and inhaled deeply to prove it was hot - and promptly fell down dead.

Solve the mystery of the death of Jacobson Fringe!!

You don’t have to be entered in the trial to play!! All exhibitors, volunteers, workers and visitors will have a chance to solve the mystery. Each day, clues will be hidden in the building to be found and posted for all to see. On the last day, you will be able to vote for who you think the killer is. Once the solution is revealed, everyone that voted for the killer will be part of a drawing for prizes.

So dust off your trench coat, grab your magnifying glass, and join us for a weekend of paws-itively criminal amounts of fun and prizes. The game is afoot... and every nose knows the truth!

**Our Scent Work Trial July 24 – 26
is FULL with a waiting list! This is
GREAT news but ALSO means –**

WE NEED HELP!!

The Obedience Club of Daytona address is:
1276 8th Street
Daytona Beach, FL 32117

July 18, 2026 (Saturday) at noon – We will have a cleaning day at the Obedience Club of Daytona building in preparation for our Scent Work Trial the following week. The cleaning should be fairly light as it follows a rally trial and Daytona will have mostly cleaned the building prior, but we will do some vaccuming and cleaning of items used for the trial. PLEASE come if you can. It will probably not take more than 2 hours. Email Diane Lewis if you can come (k9diane@gmail.com)

July 23, 2026 (Thursday) (Time tba but usually about 10 am) – This is our prep/set up day for our SW trial. We will have PVC walls to set up to create our rings, materials to set out, and other prep work. PLEASE come if you can. Help is critical for the success of our trial, and this trial makes a lot of money for the club. But it can't work without helpers! Email Diane Lewis if you can come (k9diane@gmail.com)

July 24 – 26, 2026 – Scent Work Trial – We need all the volunteers we can get! So even if you don't do scent work, there are ways you can help us. Running the gate, assisting the judges (EASY work!!) – there is always something to do. Again – this show is important to the club so if you can volunteer, please email Jynifer Brooks (jynifer.brooks@gmail.com)
